City Administrator’s Business:

Mr. Doug Varnon, Interim City Engineer, gave an update on the status of the paving projects taking place in the City. He gave an overview of the assessment taking place of the roads that are in most need of the paving.

Mr. Max Snyder, Development Coordinator, spoke on Choice Hotel project that was presented at the prior Council Meeting on April 20th. The amount of the incentive was $500,000.00; that would be delivered as an annual rebate as half of the City’s lodging tax above $50,000.30 generated at the project site. The term would be ten years but not to exceed that $500,000.00 ceiling and that is project specific. The project is to create 22 full time equivalent jobs and the owner has agreed to host a job fair in Northport, giving preference to Northport residents. The proposed agreement would be nontransferable. That would be apply to the LLC and the owners of the LLC.

Mr. John Rhea stated that if the Council wants to move forward it needs to be advertised, the public needs to be informed, and there needs to be time for a public hearing. The Council needs to authorize for Mr. Rhea to prepare the necessary development agreement and documents like the City has done in the past. After preparation, Mr. Rhea will bring those back and they will be advertised in the Tuscaloosa News for a public hearing. Then the project and the proposed development and proposed incentive package would be in front of Council for a proper vote. Mr. Rhea’s opinion was for Council not to vote. It was simply for him to authorize for him to prepare proper documentation to come back for a vote.
